19	4. De	efault Budget Review – Lead – Town Finance Director and Diane Ryan
20	•	Ms. Ryan explained the process used to calculate the default budget, being the use of the 2021
21		budget, less any one-time expenses. The proposed 2022 budget is 5% higher and the default
22 23	•	budget is 2% higher than the 2021 budget. Ms. Golding noted the 2022 budget amount was used if it was lower than 2021.
23 24	•	Chair LeFebvre reminded the committee the default budget would be voted on at the February 9,
25	•	2022, Public Hearing.
26		2022, 1 dono 110amily.
27	5. Pre	esentation by White Mt. Community Health Center
28	Kei	nneth Porter (JR), Director,
29	٠	WMCHC provides care to patients with and without the ability to pay and 49% of their patients are
30		from Conway. They are asking for the same \$35,600 as last year. Federal and State funds were
31		received last year which covered past losses.
32 33		 Chair LeFebvre inquired if WMCHC receives a tax abatement or exemption from the town. Mr. Colbath advised the building is part of Memorial Hospital and leased to WMCHC for \$1.
34		with Coloadi advised the building is part of Memorial Hospital and leased to willefte for \$1.
35	6. De	tailed Review
36	A.	Government Buildings
37		Andrew Smith, Public Works Director
38		• The Town Hall and Town Hall Annex aka Old Town Hall have been separated out.
39		Custodian position was added. \
40		Questions / Comments:
41		• Chair LeFebvre asked for an update on renting of the Town Hall Annex. Mr. Smith stated
42 42		Valley Vision has been renting the upstairs for year and they have 3 new tenants plus the supervisors of the sheeklist downstairs
43 44		supervisors of the checklist downstairs.
45	B.	Solid Waste
46		Andrew Smith, Public Works Director
47		• Increase in wages due to promoting one of the equipment operators to foreman.
48		Questions / Comments:
49		• Chair LeFebvre inquired if the 2021 presentation of reducing the staff was activated. Mr.
50		Smith stated when the foreman retired, they did not replace him, leaving equipment

51 52 53		operators and himself (filling the role of foreman). Chair LeFebvre noted the salary compilation does not represent that. Mr. Smith was adamant that there were only 2 employees in Solid Waste.
54 55 56 57 58 59 60 61 62 63 64 65 66 67 68 69		Salt increased by 35%.
70 71 72 73 74		Garage Andrew Smith, Public Works Director Breaking out the cost related to the garage makes it easier to keep track of what is spent and bill appropriately repair service.
75 76 77 78 79 80 81 82 83 84 85 86 87 88 89 90 91 92 93 94 95	A	
95 96 97 98 99	2	 Highway Equipment / Solid Waste Equipment / Parks Department Vehicles and Equipment Mr. Marvel asked if the highway foreman's truck is being replaced this year. Mr. Smith stated it was and it will be traded in towards the new truck.
100 101	3 •	. Landfill Expansion Remains the same as in previous years of preparing for the expansion and capping.

102		• Ms. Sand stated part of the agreement with the State was to have the money available to
103		close the landfill and start the new one.
104		
105	4	I. Maintenance of Town Buildings and Facilities
106	•	An irrigation system needs to be installed at the old Rec Center as it was unable to be
107		completed last year. The cost represents materials only as the highway department will be
108		doing the work.
109		Questions / Comments:
110		• Chair LeFebvre asked what the rationale is for installing an irrigation system for what is
111		essentially a field. Mr. Smith stated the baseball field continues to be used and one of the
112		requirements for money donated was to irrigate and make it a park.
113		
114	5	5. Maintenance for Leased Town Facilities
115	•	The Town Hall needs windows replaced, heating and air conditioning upgrades, and elevator
116		work as required by the inspector. The a/c was scheduled to be replaced last year, but the
117		wrong parts were ordered and unable to be installed.
118		Questions / Comments:
119		• Ms. Sand inquired why the town is responsible for replacing windows in a leased building.
120		Mr. Smith advised part of the lease agreement is the town does all the maintenance.
121		• Mr. Donohoe inquired if the building on Pine Street is leased. Mr. Smith advised it is
122		leased from SAU 9 for \$1 and used to store sidewalk machines. Mr. Donohoe inquired if
123		this is a long-term lease or if they will move back to the water precinct. Mr. Smith stated
124		it is a long-term lease.

133		April. The cruisers that were ordered last April just arrived and have only been on the road for
134		2 weeks. This year the cruisers had to be ordered by December 14, 2021, to get them for 2022.
135		Crest has allowed the cruisers (\$37,600 each) to be ordered with no obligation to purchase if
136		the warrant article doesn't pass.
137	•	
138		longer being made.
139		Questions / Comments:
140		• Chair LeFebvre asked if the emphasis on electric vehicles will make it difficult to find gas
141		powered vehicles. Chief Mattei stated electric cars may not be viable for police work.
142		• Mr. Jost inquired if the \$37,000 includes equipment. Chief Mattei stated the vehicles are
143		ordered with specific packages and the other equipment is repurposed and installed in
144		house, which provides approximately/ \$7,000-\$10,000 savings.
145	<u> </u>	
146		Planning Department
147	<u>J</u>	amel Torres, Planning Director
148	•	Budget is down \$14,195 (7.6%) due to a decrease in salaries.

150		All Warrant Articles
151		Tom Holmes, Town Manager

152	• Article 1-2 are non-monetary, non-precinct contracts with Conway Village Fire and Water.
153	These will be funded through assessed value to be determined before the end of 2022 with the
154	contracts taking affect in 2023.
155	• Article 3-4 are the Ambulance Contracts with Conway Village Fire and Action Ambulance.
156	The contract is for a subsidy that covers any losses from nonpayment.
157	• Mr. Davison inquired if the town is required to offer ambulance services. Mr. Holmes
158	advised the town is not legally obligated to provide the service, but the voters support it.
159	• Articles 5-11& 13 were previously covered by Mr. Smith.
160	• Article 12 was previously covered by Chief Mattei.
161	• Article 14 is the annual support of the Eastern Slope Regional Airport
162	• Article 15 is a non-monetary modification of the property tax exemption for the disabled
163	• Articles 16-18 are non-monetary modifications to the exemptions for a solar, wood-heating,
164	and wind powered energy systems. The contract assessor requested these modifications based
165	on changes in the RSA where they must be noted even if they don't provide a change in
166	assessed value.
167	• Ms. Sand stated the purpose of the exemption was to encourage use of solar panels, which
168	is still needed. Mr. Holmes noted alternative energy systems are still encouraged, but they
169	can't be ignored even if they don't get an exemption. The exemption would only occur if
170	the alternative energy system added value.
171	 Articles 19-20 are petitioned articles for KENO and Sports Betting.
172	• Mr. Jensen noted it would be in the publics interest to know who the petitioner is and
173	suggested the petitioners name be included in the warrant article. Mr. Colbath stated the
174	petitioners name and supporters are listed on a worksheet attached to the petition.
175	• Articles 20-30 are petitioned articles.

Mr. Holmes advised with the supervisor of the checklist and the PEG channel in the building it covers that restriction. Mr. Colbath stated the selectmen decided to keep the building presentable and rent it so it wasn't just another vacant building. Mr. Donohoe stated the budget report for actual expenditures as of 12/31/2021is missing 9+ departments and would like it reproduced including all departments. Ms. Golding stated it is a glitch in the new software they are trying to get used to and she will reproduce the report. 7. Coop School Group Briefing to CMBC – Mark Hounsell (requested) As the tuition contracts come to an end it is my personal believe it would be beneficial to investigate a cooperative school district. In accordance with the RSA each district formed their own committee which then came together to make up the MWC Cooperative District Planning Committee. The questions that needed to be answered were who would own the building, what would the school board look like, what funding formula would be used, and how would capital cost be distributed. Attorney Matt Upton attended the meetings providing expertise and answers to questions. The meetings were productive, efficient, and respectful. These extra funds will be put into a capital improvement reserve account or added back into the general fund to offset the budget. Mr. Davison stated he is glad the building was not demolished. Mr. Holmes stated there is a deed restriction that prevents it from being sold. Chair LeFebvre clarified it must be used for government purposes. 202 school organizations. The successful part of this committee is it took cooperatives off the table. The

203 last vote was to dissolve the committee, which passed unanimously.

204 Questions / Comments

- 205 Chair LeFebvre inquired if there will be a petitioned warrant article for the formation of another 206 committee to investigate alternative options. Mr. Hounsell stated that discussion will be held at 207 the local school board level. The RSA only requires a warrant specific to cooperatives so there 208 may not be a requirement for the warrant for joint management, AREA, or tuition agreements. 209 Back in the 80's – 90's, approximately when SAU 13 broke away, the district was in an AREA 210 agreement, and it didn't work as there were still governance issues. Mr. Marvel noted we are in 211 an AREA now. Mr. Hounsell clarified we use tuition contracts where Conway is a receiving 212 town while the others are called sending towns.
- 213 Ms. Sand asked for a synopsis for the reason the cooperative was voted against. Mr. Hounsell ► stated there were concerns on how to get together for an annual meeting and representation. With 214 215 the cooperative district you must have an odd number between 7-15 representatives for the board 216 and with 8 towns participating it would be one-person one-vote and one person elected at large. 217 The concern remained with governance and having a say over programming and the budget. The 218 funding formula would be combination of ADM and equalized valuation where there would be 219 winners and losers. Unfortunately, the funding formula is restricted by state regulations. Sending 220 towns are faced with inequity in funding and governance and that is what needs to be addressed 221 prior to 2024.
- 222 Chair LeFebvre clarified cooperative districts are for towns building from the ground up. Mr. 223 Hounsell confirmed that is accurate further noting there are no examples of a cooperative 224 developed after a school was already built. Mr. Davison noted sending towns did not want to 225 have to joint ownership or pay for the assessed value of KHS. All towns were amicable in 226 wanting the state-of-the-art vocational center and high school.
- 227 Mr. Hounsell stated in his opinion it would be extremely difficult to have JMA for schools as ► 228 there would be less oversight and governance. Mr. Davison stated there is no annual meeting, the budget is developed like the SAU 9 budget, and board members are elected at large. 229 230
 - Mr. Marvel noted he understood the complaints of sending towns to be cost and governance at ► Conway's expense leaving Conway with a liability. Mr. Hounsell stated that is a 3rd option, being Conway goes out on their own. This is not a recommended option as it would result in closing of schools, changing curriculum, and decreased staffing.
- Ms. Sand noted not all towns have representation at the State House, but everybody gets a vote. 234 235 The sending towns are looking at how they maintain their elementary schools without paying for 236 the high school. They need to look at the future education for all students in the area, especially 237 with the shrinking population.
- Mr. Davison noted Conway is in the driver's seat as they possess the property and buildings with 238 ► 239 the most students. Conway needs to take care of their own community and students, but also 240 need to work with the sending towns to do what is best for everyone.

241 242 8. Old business:

243 Mr. Davison provided an update on the suggestion to have the roofs evaluated for repairs. Noting the 244 facilities committee chose to table further discussion until the conclusion of the evaluation for closing 245 a school and the result of the sending town agreements. Additionally, noting it is anticipated between 246 5-10 years it will cost \$1.5 million for each elementary school, \$2 million to complete KMS, and \$5 247 million for KHS and CTC roofs. Gale Associates indicated they have a staff that can conduct an 248 evaluation and prepare a long-term replacement program. 249
